

CMPE 322 – Project 1: Scheduler Implementation

Project Report

Yağmur Kahyaoğlu 2015400057

I implemented the project using Clion IDE on Windows and tested it on Ubuntu using G++ compiler.

How to run:

From the terminal run the following commands:

```
g++ main.cpp process.cpp instruction.cpp --std=c++11 -o scheduler  
./scheduler
```
